Dear Patrick,

Thank you and AGX for coordinating delivery and providing free freight for a new motorized pallet jack for the West Hills Food Pantry. The Food Pantry is a non-profit charitable organization that provides individuals and families supplemental groceries. The pantry serves our neighbors experiencing life's difficulties in the communities of Coraopolis, Moon Township, Neville Township, Groveton and Crescent Township.

Your immediate willingness to provide free freight is greatly appreciated. We also appreciate your driver's help with unloading the pallet jack and providing guidance in operating the machinery. The overall experience with AGX was outstanding.

Your generous gift to the West Hills Food Pantry is most appreciated. May your kindness be richly blessed.

Sincerely,

Todd Carter
